Company Profile

Yukon Zinc Corporation is a mining and exploration company with mining reserves and resources in the Finlayson and Rancheria Districts of the Yukon Territory in northwestern Canada.

Our company has been active in the southeast Yukon region for over 15 years and has taken the Wolverine zinc-silver Mine from exploration through development into operation.

A strong working relationship has been established with Yukon Government and Kaska First Nation, who have traditional rights within the Wolverine area.

Yukon Zinc is wholly owned by Jinduicheng Canada Resources Corporation Limited.

Our Values

Safety | Integrity | Respect
Accountability | Prosperity | Collaboration

Our Commitment

Focused on Wolverine Mine Operations

Wolverine Mine Details

- Underground mine
- Zinc-silver-copper-lead-gold VMS deposit
- On-site mill processing complex
- Production of zinc, copper & lead con.
- 1,700 tpd design throughput
Wolverine Mine Operations

Health + Safety Focus
- Committed to providing a safe and healthy working environment and to a Zero Incident safety culture in which all employees participate.

Mine + Mill Operations
- Focused on maintaining production while maximizing head grades, recovery and concentrate quality.
- Maximizing performance and efficiencies by modifying process circuits and integrating new equipment and technology.

Environmental Performance
- Regulated by Quartz Mining and Type A Water Use Licences.
- Working with Yukon Research Centre in collaboration with Yukon Mine Producers Group to research new methods of water management and treatment.
- Received 2011 and 2012 Robert E. Leckie Award (Quartz) from Yukon Government (EMR) for environmental stewardship, social responsibility and innovative mining practices.

Community Collaboration
- Increasing the social and economic capital of Kaska First Nation communities via employment, scholarships and contract joint ventures.
- Commitment to hiring Yukon-based employees and utilizing Yukon-based vendors and suppliers.
- Working with Yukon’s Centre for Northern Innovation in Mining to grow a skilled workforce in the Territory.

Exploration Properties

Yukon Zinc owns a broad portfolio of exploration stage projects that cover ~700km² in the Yukon’s Finlayson and Rancheria Districts.
