

Journeyman Electrician

Yukon Zinc Corporation has an immediate need for an experienced **Journeyman Electrician** at its Wolverine Mine in the southeast Yukon Territory.

Make Wolverine Mine your next career choice!

- ✓ *A new team for a new mine creates opportunities for professional achievement*
- ✓ *A commitment to values: Safety, Integrity, Respect, Accountability, Prosperity, Collaboration*
- ✓ *Charter flights direct to site from Whitehorse, Vancouver and Prince George...currently with pick up points in Campbell River, Smithers, Terrace, Watson Lake and Ross River.*
- ✓ *Company supported travel to the charter's pick up point*

Responsibilities:

Reporting to the Electrical & Instrumentation Supervisor our electricians will play a key role on the site E & I team for ensuring safe, efficient and effective operations of all electrical components. More specific responsibilities include:

- Perform ongoing preventative maintenance functions as a member of the E & I maintenance team.
- Troubleshoot, maintain, repair and install electrical equipment, electronic control systems and other related devices.
- Assist in the development of safe work and operating procedures for electrical equipment and systems.
- Work closely with the Underground Management and contractor to schedule and perform routine maintenance.
- Provide assistance to surface and underground electrical maintenance personnel.
- Maintain, repair, install and test underground electrical equipment components.
- May install, maintain and calibrate industrial instrumentation and related devices.

Requirements:

- Trade qualification as a Journeyman Electrician - Interprovincial (Red Seal) preferred.
- Minimum 3-years experience in an underground mine setting
- Excellent work ethic and demonstrated record of safety leadership.
- Proficient in Microsoft Office programs (Word, Excel, and Outlook Express).
- Consent to a pre-employment medical examination which includes a drug & alcohol screening

Preference will be given to candidates:

- Previous experience in mine surface and underground electrical construction and maintenance.
- Past experience working in remote camp locations (Northern climate) preferable.

Wolverine is a "dry camp", fly-in/fly-out underground mine operation. The minesite is located midway between Ross River and Watson Lake on the Robert Campbell Highway and is approximately 280 km by air northeast of Whitehorse.

Interested and qualified candidates should send their resume via email to careers@yukonzinc.com, or by fax, toll-free, at (866) 887-7517. We thank all applicants for their interest; however, we are only able to contact those who have been shortlisted.
