- ✓ *Charter flights direct to site from Whitehorse, Vancouver and Prince George...currently with pick up points in Campbell River, Smithers, Terrace, Watson Lake and Ross River.*
- ✓ *Company supported travel to the charter's pick up point*

Responsibilities

Reporting to the Surface Operations Superintendent / Manager, the Surface Maintenance Supervisor plays a key role in the repair and maintenance of all surface equipment. More specific responsibilities to include:

- Supervise, co-ordinate and schedule the repair and maintenance of mobile heavy and light vehicles and support equipment including generator engines and ancillary equipment
- Supervise a team of Heavy Duty Mechanics , Welder/Fabricators and Powerhouse Personnel
- Contribute to the forecasting of routine PM, major component replacements and scheduled overhauls
- Liaise with vendor service and product support personnel
- Assist in hands on repairs
- Ensure the safe operation of generators, mobile heavy and light vehicles, and support equipment
- Organize responses to emergency breakdowns and provide troubleshooting assistance and guidance as required
- Demonstrate and promote safety skills and leadership within a team environment

Requirements

- Trade qualification as a Heavy Duty Mechanic, Red Seal preferred
- Previous Supervisory experience in the mechanical maintenance field
- Experience with the scheduling and repair of mobile heavy and light vehicles and support equipment
- Previous experience developing and implementing a maintenance program and CMMS experience
- Excellent work ethics and demonstrated record of safety leadership.
- Proficient in Word, Excel, Email.
- Excellent written and verbal communication skills.
- Able to work a 2 week x 2 week rotation
- Remote camp (northern climate) experience preferable.

Wolverine is a “dry camp”, fly-in/fly-out underground mine operation. The minesite is located midway between Ross River and Watson Lake on the Robert Campbell Highway and is approximately 280 km by air northeast of Whitehorse.

Interested and qualified candidates should send their resume via email to careers@yukonzinc.com, or by fax, toll-free, at (866) 887-7517. We thank all applicants for their interest; however, we are only able to contact those who have been shortlisted.
